Dear Jeanette

Tamborine Mountain Progress Association – Concerns - Water Security – Growth Management

I refer to previous correspondence and representations made on behalf of members of the Tamborine Mountain Progress Association, to the Deputy Premier & Minister for State Development, Infrastructure, Local Government and Planning, the Honourable Steven Miles MP, requesting he investigate the TMPA's concerns about the Scenic Rim Growth Management Plan and associated planning scheme changes.

I have subsequently received a response from the Deputy Premier, over the Christmas/New Year period.

In order that you are conversant with the Deputy Premier's response, I enclose a copy of his correspondence to my office.

Jeanette, I trust this explains the Deputy Premier's view on the matter.

Once again, thank you for providing me with updates on the latest activities of the Tamborine Mountain Progress Association.

Yours sincerely

Jon Krause MP
